Graduation - (CGPA - 8.71)

Patkar College of Arts & Science, and V. P. Varde College of Commerce & Economics.

2019 - 2022

ABOUT ME

I am an aspiring MERN Stack Developer with a foundation in web development technologies. Proficient in React for building user interfaces, Node.js for server-side logic, and MongoDB for data management. I am passionate about creating responsive and interactive web applications, and dedicated to writing clean, efficient code. Committed to continuous learning and excited to contribute to innovative projects.

PROJECTS

- Ecommerce Store with Admin Dashboard (MERN App with Payment Gateway):-
  Description: E-commerce website with payment integration and an admin dashboard using the MERN stack to provide users with a seamless online shopping experience.
  Tech Stack: MongoDB, Express.js, React, Node.js, Tailwind-CSS.
  Key Features: -
- User registration and authentication.
- Shopping cart and secure payment processing.
- Admin panel for product management.
- Hospital Management Admin Dashboard (MERN) : -
  Description: Developed a user-friendly admin dashboard for a hospital management system using MERN.
  Tech Stack: MongoDB, Express.js, React, Node.js, Redux, Material UI.
  Key Features:-
- User registration and authentication.
- Designed interactive data visualization with charts and tables.
- Created a management application with features for adding, editing, and deleting.
- Food Delivery Website (MERN App with Payment Gateway) : -
  Description: Developed a client-side web application for food delivery using the MERN stack.
  Tech Stack: MongoDB, Express.js, React, Node.js, Redux, React-Bootstrap.
  Key Features:-
- User registration and authentication.
- Menu and Restaurant listings.
- Order Placement and Payment Integration.
- Ecommerce client-side website (Bootstrap): Developed a client-side eCommerce website using Bootstrap, HTML, and CSS. Responsive design for mobile and desktop.
- My GitHub Repository: https://github.com/aishwaryabagade03

CERTIFICATION

- Certified MERN Stack Developer.
- Organization: TRYCATCH Institute.
- Completion Month: August, 2023.
